Dear All,

It has been noticed that many of the students are staying back outside the campus at nearby locations and in the city till very late in the night hours. Such late-night staying outside the campus bears serious safety concerns and might have deep reaching consequences.

It is advised to all to stay on campus and not venture out unnecessarily. Please keep your faculty advisors, guides, and parents informed about your moving off the campus for any compelling requirements. Please try to return to the campus before dining hours. Returning to the campus beyond midnight is not at all advisable, in case the late arrivals are not improved, we may be compelled to take steps to disallow the students who turn up at the gate very late for the entry to the campus.
