Dear All,

Please refer to the earlier advisory on the subject matter.

It has come our notice that there have been impersonation cases at the gate entry, especially in the late night entry.

Impersonation is a serious offence and should never be resorted to. There is legal provision of strict punishment for the same.

The students found resorting to impersonation will be dealt seriously and subjected to cases under the disciplinary rules.

All are advised to refrain resorting to any type of impersonation and show up your identity cards invariably at the entry gates, it is a basic requirement for our own safety and to eliminate unauthorised entries on the campus.

Security is working day and night for making the campus safe.

Should you have any concerns or suggestion, you may send via **separate mail or replying to the sender only**. The identity of the sender will be kept confidential.-----
